Kevin,

ACC A2 contacted me and told me the number one priority is to ensure that there is no interruption of the 480<sup>th</sup> ISRW mission. I was asked to look at all options.

If we stop most of work on MAGIC/IMAG this Friday, how much will that give us that can be moved to the 480<sup>th</sup> mission?

We will still need the IMAG support for the UTSA Senior Military Officer engagement on 29 Mar 19.

Thanks.

Jamison,

I appreciate your effort to streamline. However, communication from client agency as well as BAH needs to go through myself as the COR not directly to the CO.

I am happy to CC you on any requests that I send out for information on funding burn, etc regarding the project you are on.

Thank you,

**Subject:** [External] Re: 25AF-GTMP Labor Through 21 Apr

Don/Chip,

Apparently the number that was given and awarded for 25 AF Sole Source no cost extension were over estimated and in addition to the amount that was transferred over from 480th to 25 AF funding-wise; which means not via contractual action, was not the only amount needed. According to BAH email we also have excess labor funding for 480th through April 21 and too little for 25 AF.

Are you again willing to share funding- 480th donate internally to 25 AF? We are not able to track this on GSA side, nor is this a contractual action.

Please send approvals my way if agreed.

Thank you,

On Fri, Apr 5, 2019 at 3:33 PM Legett, Kevin [USA] (b) (6)@bah.com> wrote:

Marie/Chip/Chris,

**BLUF:** MOD15 provided sufficient funding to extend the 25AF-GTMP contract to end of the day on 21 Apr. However, MOD15 MIPR breakouts by organization brought forward from Base Year and NCTE-1 and new funding applied (480<sup>th</sup> only), presents a mapping challenge for labor funding.

- De-obligated MIPR amounts (from Base and NCTE1 Periods) and new funding applied to 480<sup>th</sup> leaves **positive \$1.8M** in backlog on 22 Apr
- De-obligated MIPR amounts (from Base and NCTE1 Periods) and no new funding applied to 25<sup>th</sup> leaves **negative \$995K** in backlog on 22 Apr

**Recommendation:**

480<sup>th</sup> allows 25<sup>th</sup> to utilize funding mapped to 480<sup>th</sup> MIPR to cover negative amount ~\$1M. (Requires TPOC, 480<sup>th</sup> and COR approval, no MOD)

- Note: During the Dash-8 period 480<sup>th</sup> used \$444K of 25<sup>th</sup> funding
- Note: During the NCTE2 26-29 Mar period 480<sup>th</sup> used \$455K of 25<sup>th</sup> funding
- Total 25AF funds used to cover 480th Labor (Dash-8 and NCTE-2) = \$899K

Let me know if you have questions and steps to proceed.

**Subject:** [External] Re: 25AF-GTMP Labor Through 21 Apr

Don/Chip,

Apparently the number that was given and awarded for 25 AF Sole Source no cost extension were over estimated and in addition to the amount that was transferred over from 480th to 25 AF funding-wise; which means not via contractual action, was not the only amount needed. According to BAH email we also have excess labor funding for 480th through April 21 and too little for 25 AF.

Are you again willing to share funding- 480th donate internally to 25 AF? We are not able to track this on GSA side, nor is this a contractual action.

Please send approvals my way if agreed.

Thank you,

On Fri, Apr 5, 2019 at 3:33 PM Legett, Kevin [USA] (b) (6)@bah.com> wrote:

Marie/Chip/Chris,

**BLUF:** MOD15 provided sufficient funding to extend the 25AF-GTMP contract to end of the day on 21 Apr. However, MOD15 MIPR breakouts by organization brought forward from Base Year and NCTE-1 and new funding applied (480<sup>th</sup> only), presents a mapping challenge for labor funding.

- De-obligated MIPR amounts (from Base and NCTE1 Periods) and new funding applied to 480<sup>th</sup> leaves **positive \$1.8M** in backlog on 22 Apr
- De-obligated MIPR amounts (from Base and NCTE1 Periods) and no new funding applied to 25<sup>th</sup> leaves **negative \$995K** in backlog on 22 Apr

**Recommendation:**

480<sup>th</sup> allows 25<sup>th</sup> to utilize funding mapped to 480<sup>th</sup> MIPR to cover negative amount ~\$1M. (Requires TPOC, 480<sup>th</sup> and COR approval, no MOD)

- Note: During the Dash-8 period 480<sup>th</sup> used \$444K of 25<sup>th</sup> funding
- Note: During the NCTE2 26-29 Mar period 480<sup>th</sup> used \$455K of 25<sup>th</sup> funding
- Total 25AF funds used to cover 480th Labor (Dash-8 and NCTE-2) = \$899K

Let me know if you have questions and steps to proceed.

Kevin

Don/Chip,

Apparently the number that was given and awarded for 25 AF Sole Source no cost extension were over estimated and in addition to the amount that was transferred over from 480th to 25 AF funding-wise; which means not via contractual action, was not the only amount needed. According to BAH email we also have excess labor funding for 480th through April 21 and too little for 25 AF.

Are you again willing to share funding- 480th donate internally to 25 AF? We are not able to track this on GSA side, nor is this a contractual action.

Please send approvals my way if agreed.

Thank you,

On Fri, Apr 5, 2019 at 3:33 PM Legett, Kevin [USA] (b) (6) @bah.com> wrote:

Marie/Chip/Chris,

**BLUF:** MOD15 provided sufficient funding to extend the 25AF-GTMP contract to end of the day on 21 Apr. However, MOD15 MIPR breakouts by organization brought forward from Base Year and NCTE-1 and new funding applied (480<sup>th</sup> only), presents a mapping challenge for labor funding.

- De-obligated MIPR amounts (from Base and NCTE1 Periods) and new funding applied to 480<sup>th</sup> leaves **positive \$1.8M** in backlog on 22 Apr
- De-obligated MIPR amounts (from Base and NCTE1 Periods) and no new funding applied to 25<sup>th</sup> leaves **negative \$995K** in backlog on 22 Apr

**Recommendation:**

480<sup>th</sup> allows 25<sup>th</sup> to utilize funding mapped to 480<sup>th</sup> MIPR to cover negative amount ~\$1M. (Requires TPOC, 480<sup>th</sup> and COR approval, no MOD)

- Note: During the Dash-8 period 480<sup>th</sup> used \$444K of 25<sup>th</sup> funding
- Note: During the NCTE2 26-29 Mar period 480<sup>th</sup> used \$455K of 25<sup>th</sup> funding
- Total 25AF funds used to cover 480<sup>th</sup> Labor (Dash-8 and NCTE-2) = \$899K

Let me know if you have questions and steps to proceed.

Kevin

Good afternoon Denise,

Per the emails below beginning on January 30, 2019, Booz Allen is still awaiting official disposition instructions for the equipment identified in the attached DD1149s that were purchased to support the Davis-Monthan flyers mission. This mission migrated to the EC-130H/A-10C Contract Aircrew Training and Courseware Development program (FA4890-19-C-0004) managed by ACC AMIC back in January 2019.

LtCol Michael Sullivan, 42nd ECS/Commander at Davis-Monthan AFB accepted and signed the attached DD1149 for the listed equipment but no further contractual action has been taken. Upon receipt of the disposition instructions I can reach out to Tara Holloway, ACC AMIC Contracting Officer for next steps and finalization.

Good afternoon Denise,

Regarding the disposition of equipment for the EC-130H/A-10C Contract Aircrew Training and Courseware Development program in Davis-Monthan AFB, the 42 ECS Commander, Lt. Col Michael Sullivan did acknowledge accounting for, and receipt of, the Booz Allen Contractor Purchased Equipment from the 25AF GTMP Bridge per the signed DD1149's attached. Our performance on site at Davis-Monthan AFB has ceased as of COB 1/31/19. Please advise what you require from us to proceed with transferring the equipment to the other contract via communication with ACC AMIC. Thank you and have a good weekend.

Good afternoon Denise,

I've been advised that the Booz Allen staff supporting flight training operations at Davis-Monthan AFB are migrating to contract FA4890-19-C-0004 (EC-130H/A-10C Contract Aircrew Training and Courseware Development program) effective February 1<sup>st</sup>. The six Booz Allen employees involved with the flight training have specific equipment that was purchased under this contract that will need to transfer to AVIX-BGI JV LLC via DD1149.

As such, Booz Allen kindly requests disposition instructions for the equipment detailed in the attachments provided. Upon your concurrence to transfer the items, we will coordinate with the ACC AMIC contracting officer to process the appropriate paperwork to ensure accurate tracking of contractor purchased equipment.

Please let me know if you have any questions. Thank you.

Good Morning Chip, Do you know if your office has a property administrative position? BAH is looking to remove the property that was listed on the 25 AF Sole Source from the old contract. However, in order to do so; FEDSIM needs somewhere to put it and someone to release it to. For now, we are just pulling ALL equipment off the old contract. Once I get a consolidated list from ACC as to any equipment that might be needed going forward, we can reach to the property administrator to have necessary equipment placed on contract.  
Thank you,

Denise,

Sorry for that – I'm having phone issues today. It should be fixed now. Once you have instructions from USAF I can send over the DD1149 to Tara Holloway at ACC, with your concurrence. Standing by.

Regarding the legacy SURVIAC equipment, since it was never formally added to this program, my recommendation is that we will have it added to the 480ISRW Sole Source once it is fully definitized and then deal with the disposition instructions upon the end of that bridge. Let me know if you have any issues with this approach or if you'd like to discuss further.

Thanks.

**Subject:** RE: GS00Q17AJC0032 - Equipment Disposition for Davis-Monthan Flyers  
**Importance:** High

Good afternoon Denise,

Regarding the disposition of equipment for the EC-130H/A-10C Contract Aircrew Training and Courseware Development program in Davis-Monthan AFB, the 42 ECS Commander, Lt. Col Michael Sullivan did acknowledge accounting for, and receipt of, the Booz Allen Contractor Purchased Equipment from the 25AF GTMP Bridge per the signed DD1149's attached. Our performance on site at Davis-Monthan AFB has ceased as of COB 1/31/19. Please advise what you require from us to proceed with transferring the equipment to the other contract via communication with ACC AMIC. Thank you and have a good weekend.

Respectfully,

**Subject:** GS00Q17AJC0032 - Equipment Disposition for Davis-Monthan Flyers  
**Importance:** High

Good afternoon Denise,

I've been advised that the Booz Allen staff supporting flight training operations at Davis-Monthan AFB are migrating to contract FA4890-19-C-0004 (EC-130H/A-10C Contract Aircrew Training and Courseware Development program) effective February 1<sup>st</sup>. The six Booz Allen employees involved with the flight training have specific equipment that was purchased under this contract that will need to transfer to AVIX-BGI JV LLC via DD1149.

As such, Booz Allen kindly requests disposition instructions for the equipment detailed in the attachments provided. Upon your concurrence to transfer the items, we will coordinate with the ACC AMIC contracting officer to process the appropriate paperwork to ensure accurate tracking

of contractor purchased equipment.

Please let me know if you have any questions. Thank you.

Respectfully,

Don/Chip,

Apparently the number that was given and awarded for 25 AF Sole Source no cost extension were over estimated and in addition to the amount that was transferred over from 480th to 25 AF funding-wise; which means not via contractual action, was not the only amount needed. According to BAH email we also have excess labor funding for 480th through April 21 and too little for 25 AF.

Are you again willing to share funding- 480th donate internally to 25 AF? We are not able to track this on GSA side, nor is this a contractual action.

Please send approvals my way if agreed.

Thank you,

On Fri, Apr 5, 2019 at 3:33 PM Legett, Kevin [USA] (b) (6) @bah.com> wrote:

Marie/Chip/Chris,

**BLUF:** MOD15 provided sufficient funding to extend the 25AF-GTMP contract to end of the

day on 21 Apr. However, MOD15 MIPR breakouts by organization brought forward from Base Year and NCTE-1 and new funding applied (480<sup>th</sup> only), presents a mapping challenge for labor funding.

- De-obligated MIPR amounts (from Base and NCTE1 Periods) and new funding applied to 480<sup>th</sup> leaves **positive \$1.8M** in backlog on 22 Apr
- De-obligated MIPR amounts (from Base and NCTE1 Periods) and no new funding applied to 25<sup>th</sup> leaves **negative \$995K** in backlog on 22 Apr

**Recommendation:**

480<sup>th</sup> allows 25<sup>th</sup> to utilize funding mapped to 480<sup>th</sup> MIPR to cover negative amount ~\$1M.  
(Requires TPOC, 480<sup>th</sup> and COR approval, no MOD)

- Note: During the Dash-8 period 480<sup>th</sup> used \$444K of 25<sup>th</sup> funding
- Note: During the NCTE2 26-29 Mar period 480<sup>th</sup> used \$455K of 25<sup>th</sup> funding
- Total 25AF funds used to cover 480th Labor (Dash-8 and NCTE-2) = \$899K

Let me know if you have questions and steps to proceed.

Kevin

**Subject:** [External] Re: 25AF-GTMP Labor Through 21 Apr

Don/Chip,

Apparently the number that was given and awarded for 25 AF Sole Source no cost extension were over estimated and in addition to the amount that was transferred over from 480th to 25 AF funding-wise; which means not via contractual action, was not the only amount needed. According to BAH email we also have excess labor funding for 480th through April 21 and too little for 25 AF.

Are you again willing to share funding- 480th donate internally to 25 AF? We are not able to track this on GSA side, nor is this a contractual action.

Please send approvals my way if agreed.

Thank you,

On Fri, Apr 5, 2019 at 3:33 PM Legett, Kevin [USA] (b) (6) @bah.com> wrote:

Marie/Chip/Chris,

**BLUF:** MOD15 provided sufficient funding to extend the 25AF-GTMP contract to end of the day on 21 Apr. However, MOD15 MIPR breakouts by organization brought forward from Base Year and NCTE-1 and new funding applied (480<sup>th</sup> only), presents a mapping challenge for labor funding.

- De-obligated MIPR amounts (from Base and NCTE1 Periods) and new funding applied to 480<sup>th</sup> leaves **positive \$1.8M** in backlog on 22 Apr
- De-obligated MIPR amounts (from Base and NCTE1 Periods) and no new funding applied to 25<sup>th</sup> leaves **negative \$995K** in backlog on 22 Apr

**Recommendation:**

480<sup>th</sup> allows 25<sup>th</sup> to utilize funding mapped to 480<sup>th</sup> MIPR to cover negative amount ~\$1M. (Requires TPOC, 480<sup>th</sup> and COR approval, no MOD)

- Note: During the Dash-8 period 480<sup>th</sup> used \$444K of 25<sup>th</sup> funding
- Note: During the NCTE2 26-29 Mar period 480<sup>th</sup> used \$455K of 25<sup>th</sup> funding
- Total 25AF funds used to cover 480th Labor (Dash-8 and NCTE-2) = \$899K

Let me know if you have questions and steps to proceed.

Kevin

Good Morning, I am the GSA FEDSIM COR for the 25 AF Sole Source contract, for which Chip Von Heiland was the TPOC. We reached out to Chip asking for the personnel that would be in charge of equipment for 25 AF, and were given your information.

Can you please provide your name and address so that we can include in equipment disposition instructions to release all equipment from BAH 25 AF Sole Source responsibility back to your office?

Thank you,

**Subject:** [Non-DoD Source] Property Release from 25 AF Sole Source

Good Morning Chip,

Do you know if your office has a property administrative position?

BAH is looking to remove the property that was listed on the 25 AF Sole Source from the old contract. However, in order to do so; FEDSIM needs somewhere to put it and someone to release it to.

For now, we are just pulling ALL equipment off the old contract. Once I get a consolidated list from ACC as to any equipment that might be needed going forward, we can reach to the property administrator to have necessary equipment placed on contract.

Thank you,

Chris,

For now: Can you read and add input/edits to my CPARs ratings for the final review? Feel free to pull Chip in as well; however I dont want everyone on this email chain to see unofficial CPARs.

Thanks!

Update: Please see narratives and a couple of rating changes. Please check and make sure that I am being fair as well as accurate.

If you have any backup data/emails/accolades/issues to add, please include so that I can see changes.

Thank you,

Bob,

I am happy to provide that email for you. Let me confirm the plan with ACC.

I have CCd Preston Bright on this email. Preston, I just want to confirm... Is each org supposed to process their own folks? Or is ACC owning/handling security as 25 AF did for the last sole source?

Thank you,

On Tue, Apr 23, 2019 at 7:44 AM 25 AF/SO Industrial Security (b) (6), (b) (7)(C) <[@us.af.mil](mailto:(b) (6), (b) (7)(C)@us.af.mil)> wrote:

Hello Ms Marie, I hope I can ask a question.

I was off last week.

I understand there is a 90 day bridge for the BAH contract. I also understand there is a new contract number, which overwrites the existing contract. I need (if possible) a email from you putting the below as local TPOC's for this bridge. Please

25 AF assigned locations ONLY:

Michael Nielson, GG-13, 25 AF/AFCO-CF (Primary TPOC)

If possible:

Frank Von Heiland, GG-15, 25 AF/A2F (Alt TPOC)

Christopher Norman, GG-13, 25 AF/AFCO BM (Alt TPOC)

I need to process a new access roster, and without a TPOC email, I do not have anyone to sign approving. As the COR, only you or the CO can assign TPOC's for contracts.

I would appreciate your help. Thank you Ms Marie and I promise to not bother you too much.

**Subject:** [Non-DoD Source] Property Release from 25 AF Sole Source

Good Morning Chip,

Do you know if your office has a property administrative position?

BAH is looking to remove the property that was listed on the 25 AF Sole Source from the old contract. However, in order to do so; FEDSIM needs somewhere to put it and someone to release it to.

For now, we are just pulling ALL equipment off the old contract. Once I get a consolidated list from ACC as to any equipment that might be needed going forward, we can reach to the property administrator

to have necessary equipment placed on contract.

Thank you,

Thank you,

On Thu, May 23, 2019 at 2:50 PM PEREZ, KATHLEEN A GG-13 USAF ACC A2/AFCO (b) (6), (b) (7)(C)@us.af.mil> wrote:

For the project deliverables that are stored on the Booz Allen servers in San Antonio how will that information be transferred to the Government?

For the majority of our builds we do not have the full source code and graphics. When a customer requests this we have to ask BAH to send it to them.

Can we please copy the build repository to the server that was purchased for Checkmarx and never used? I believe that is what that 1 server unopened was for...

What would be the best way for the government to get a copy of the entire build repository with full source code and graphics?

Thank you so much for taking the time to put this all together as well!

Ms. Perez,

Sorry for the delay - I've been fighting a virus and was out earlier this week. Please find the below information surrounding your data request. Please note that the items listed in the Hardware table were also included in the property list we provided last week. As for source code and graphics, that information is provided to the Government with each of the project deliverables with copies stored on local Booz Allen servers in San Antonio. I've included an attachment detailing all of our products that were delivered during the period of performance on contract GS00Q17AJC0032. Please advise if you have any questions or follow-ups. Thanks.

**Subject:** GS00Q17AJC0032 - 25AF GTMP: Contractor Purchased Equipment/Govt Property

Good Afternoon,

Per the meeting on Tuesday, May 14, please find the following Government Property/Contractor Purchased Equipment information for the 25AF GTMP contract:

1) 25AF GTMP RIP Tracker

    This excel file includes three sheets:

- 1) All Contractor Purchased Equipment via RIP on the 25AF GTMP contract.  
    I have added a note for all RIP charges associated with shipping
- 2) Government Furnished Property via Attachment T (Mod 02) – attached separately as well for reference.

- 3) Excel detail of the equipment listed in the DD1149's for the CAT CWD.
- 2) Two DD1149's for the CAT CWD Equipment transfer (signed by Lt. Col Michael Sullivan acknowledging custodial transfer of equipment at Davis-Monthan AFB)
  - Email notification to FEDSIM on 1/31, 2/1, and 2/6/19 attached providing additional details).
  - ZIP File of the RIP/Receipts used to calculate the CAT CWD equipment. Table below identifies the individuals who migrated to the CAT CWD program:

(b) (4), (b) (6)

- 3) DD1149 for the Legacy SURVIAC equipment

As of right now, no equipment/property have been identified that requires moving between Booz Allen locations. I am still working to collect the data for Ms. Perez and will provide SEPCOR, but did not want to delay providing this information in the interim. Let me know if you have any follow-up questions. Thank you.

**Subject:** BAH Staffing

Marie,

BAH has moved several people off of our current contract and we do not see any immediate replacements on the horizon. Our biggest concern right now is at NSA at Ft. Meade MD. Five BAH personnel have been moved from the Air Force Cryptologic Office (AFCO) at NSA proper to other BAH contracts.

It takes a very long time to get contractors cleared at Ft. Meade (six months), so we are not confident of getting replacements anytime soon. This is starting to get senior leadership attention.

Would you please raise the issue with BAH and ask them what is the plan? Thanks.

chip

**Subject:** [Non-DoD Source] Property Release from 25 AF Sole Source

Good Morning Chip,

Do you know if your office has a property administrative position?

BAH is looking to remove the property that was listed on the 25 AF Sole Source from the old contract. However, in order to do so; FEDSIM needs somewhere to put it and someone to release it to.

For now, we are just pulling ALL equipment off the old contract. Once I get a consolidated list from ACC as to any equipment that might be needed going forward, we can reach to the property administrator to have necessary equipment placed on contract.

Thank you,

AF Team, As I stated during this morning's call. Please send a consolidated list from of the equipment that will be needed on the 480th Sole Source. I do not want to just roll equipment over from one contract to another, unless it is needed. Once FEDSIM gets a response, we can proceed with removal of the equipment from 25 AF Sole Source (separate action); and add the necessary equipment to the new contract.

Thank you,

On Tue, May 7, 2019 at 10:26 AM Marie Shipper-QF0B1DA <[marie.shipper@gsa.gov](mailto:marie.shipper@gsa.gov)> wrote:

AF Team,

I intend to ask BAH for a separate account of SURVIAC equipment; however, how are they using equipment that was not ever added to the contract? If equipment was not added to the 25 AF Sole Source; does it need to be added to the current sole source?

Thanks,

Cc: Marie Henson - QF0B1G <[marie.henson@gsa.gov](mailto:marie.henson@gsa.gov)>

Denise,

Sorry for that – I'm having phone issues today. It should be fixed now. Once you have instructions from USAF I can send over the DD1149 to Tara Holloway at ACC, with your concurrence. Standing by.

Regarding the legacy SURVIAC equipment, since it was never formally added to this program, my recommendation is that we will have it added to the 480ISRW Sole Source once it is fully definitized and then deal with the disposition instructions upon the end of that bridge. Let me know if you have any issues with this approach or if you'd like to discuss further.

Thanks.

Respectfully,

Jamison, I just spoke to Marie. We tried to call you but got your voice mail. She has gone back to the Air Force to ask for their approval to remove the property from this contract. I will let you know when we hear something.

Good afternoon Denise,

Per the emails below beginning on January 30, 2019, Booz Allen is still awaiting official disposition instructions for the equipment identified in the attached DD1149s that were purchased to support the Davis-Monthan flyers mission. This mission migrated to the EC-130H/A-10C Contract Aircrew Training and Courseware Development program (FA4890-19-C-0004) managed by ACC AMIC back in January 2019.

LtCol Michael Sullivan, 42nd ECS/Commander at Davis-Monthan AFB accepted and signed the attached DD1149 for the listed equipment but no further contractual action has been taken. Upon receipt of the disposition instructions I can reach out to Tara Holloway, ACC AMIC Contracting Officer for next steps and finalization.

Good morning Denise,

I wanted to bring this back up to the top of your inbox. **We are requesting disposition instructions for the Contractor Purchased Equipment identified within the DD1149s attached.** The equipment was purchased to support the Davis-Monthan flyers mission which has since migrated to the EC-130H/A-10C Contract Aircrew Training and Courseware Development program (FA4890-19-C-0004) managed by ACC AMIC.

Upon receipt of disposition instructions, I will reach out to the AMIC CO to begin the process of acceptance of that equipment under their contract as GFE.

Respectfully,

Good afternoon Denise,

Regarding the disposition of equipment for the EC-130H/A-10C Contract Aircrew Training and Courseware Development program in Davis-Monthan AFB, the 42 ECS Commander, Lt. Col Michael Sullivan did acknowledge accounting for, and receipt of, the Booz Allen Contractor Purchased Equipment from the 25AF GTMP Bridge per the signed DD1149's attached. Our performance on site at Davis-Monthan AFB has ceased as of COB 1/31/19. Please advise what you require from us to proceed with transferring the equipment to the other contract via communication with ACC AMIC. Thank you and have a good weekend.

**Subject:** GS00QT7AJC0032 - Equipment Disposition for Davis-Monthan Flyers  
**Importance:** High

Good afternoon Denise,

I've been advised that the Booz Allen staff supporting flight training operations at Davis-Monthan AFB are migrating to contract FA4890-19-C-0004 (EC-130H/A-10C Contract Aircrew Training and Courseware Development program) effective February 1<sup>st</sup>. The six Booz Allen employees involved with the flight training have specific equipment that was purchased under this contract that will need to transfer to AVIX-BGI JV LLC via DD1149.

As such, Booz Allen kindly requests disposition instructions for the equipment detailed in the attachments provided. Upon your concurrence to transfer the items, we will coordinate with the ACC AMIC contracting officer to process the appropriate paperwork to ensure accurate tracking of contractor purchased equipment.

Please let me know if you have any questions. Thank you.
